CERTIFICATE OF RESULTS

In compliance with Section 11-156, Hawaii Revised Statutes, I, Donald Ikeda, County Clerk, County of Hawaii, in the capacity of the chief election officer of the County pursuant to Section 3-6(b)(3) of the Hawaii County Charter, do hereby certify that three proposed amendments to the Hawaii County Charter were submitted to the voters of the County of Hawaii on November 3, 1998. I hereby further certify that two of the proposed amendments were duly approved by a majority of the voters voting upon said amendments:

Proposal 2 ESTABLISH DATA SYSTEM DEPARTMENT: Should a Data Systems Department be established as a separate agency in the Executive Branch to operate the County's data processing systems and coordinate and oversee operations of all county departmental data processing systems, except for those systems maintained by the Department of Water Supply?

Voters voting "YES"	24,861
Voters voting "NO"	21,804

Proposal 4 PLANNING BOARD'S MEMBERSHIP & JURISDICTION:
Should the County Charter be amended to:

- a. Require that the Planning Commission membership be constituted of one member from each of nine council districts, and each member be a legal resident and registered voter of the council district the member represents?
- b. Require each member of the Board of Appeals be a legal resident and a registered voter of the County?

- c. Designate the Board of Appeals as the only County body to hear appeals of final decisions of the Planning Director and the Chief Engineer and no longer have the Board of Appeals hear appeals of decisions of the Planning Commission?
- d. Clarify and simplify the language of the Charter relating to planning to make it consistent with other sections of the Charter?

Voters voting "YES"	38,084
Voters voting "NO"	9,303

I hereby further certify that one of the proposed amendments failed to win a majority of the voters voting upon said amendment and was therefore rejected:

Proposal 3 COUNCIL TERMS: Should the terms of Hawaii County Council members be amended from two years to four years beginning in the year 2000 without altering the present eight year term limits?

Voters voting "YES"	20,830
Voters voting "NO"	29,095

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the County of Hawaii, State of Hawaii to be affixed this 3rd day of December, 1998.

SUMMARY - REVIEW OF 1998 GENERAL ELECTION RESULTS

BREVANT

*TO WENDELL
KAMMUS*

REVIEW OF THE 1998 GENERAL ELECTION RESULTS

An audit of the 1998 General Election was conducted on March 6 through March 13, 1999 as requested in Senate Concurrent Resolution (SCR) 31, S.D.1. The problem that precipitated the Senate's request arose from a complaint filed in Hawaii Supreme Court alleging that a large number of overvotes counted in District/Precinct (D/P) 44-01 was an anomaly. The court ordered a manual audit of D/P 44-01. The manual audit showed that in fact the overvote tally posted in November was incorrect. ES&S examined the precinct counter used in D/P 44-01 and found that a failure of a contact image sensor had caused overvotes to be tallied when none existed. However, although overvotes were counted incorrectly the outcome of the contest did not change. The winner of the contest posted in November was still the winner after the manual audit.

The findings of the manual audit of D/P 44-01, that is, the failure of a contact image sensor and the "symptom" of that failure - the high overvote counts - prompted the Office of Elections to review the remaining 333 precincts statewide. This review consisted of looking for a higher than average overvote tally (anomalous overvotes) occurring in a single column of the ballot. The manual review of the General Election precinct results identified six other precincts where the overvote "symptom" existed. Simultaneously, this office asked Election Systems & Software (ES&S) to check their hardware and software and provide our office with a report explaining the anomalies. The report stated that in D/P 27-03 the precinct counter experienced cable failure and in the remaining five precincts (D/P's 04-09, 24-03, 37-07, 41-05, 43-03) there were occlusions on the read lens.

The results of the Office of Elections' manual audit and the report by ES&S explaining the machine problems were made public through the media. The Office of Elections stressed in its report that the outcomes of the election did not change and that the winners of the election as posted in November 1998 remained the same.

On February 17, 1999, the House by floor vote passed SCR 31, S.D.1. and the Office of Elections with the assistance of ES&S was required to perform an audit of the 1998 General Election. An oversight committee consisting of Marion Higa, Legislative Auditor; R. Doug Lewis, Director of The Elections Center; and Penelope Bonsall, Director of the Federal Election Commission, was directed to observe, review, assess, and report on the objectivity and accuracy of the audit process.

The results of the March 1999 review confirmed that the 1998 General Election results were true and accurate. Additionally, the review concluded that the incidence of anomalous overvotes was isolated to the seven precincts previously identified.
